PROFILE

Proactive IT specialist with over 3 years of experience in backend and frontend development. Passionate about creating scalable and efficient web solutions.
I am eager to bring my PHP, Python, JavaScript, HTML5, and CSS3 expertise to a dynamic team.

SKILLS

BACK END DEVELOPMENT | PHP • Python
FRONT END DEVELOPMENT | JavaScript • Bootstrap 5 • HTML5 • CSS3
MISCELLANEOUS | MongoDB
DESIGN TOOLS | Figma • Adobe Illustrator • Adobe Photoshop
SOFT SKILLS | Team player • Bias for action • Deliver results

EXPERIENCE

NATIONAL PETROLEUM AUTHORITY (NPA)
Assistant IM and HSE / PPMS Officer / IT personnel | Nov 2023 – Present, CRO
- Conducted product testing at filling stations, and performed data entry and analysis.
- Assisted in No Objection, Construction Permit (CP), Authorization Permit (AP), and Test Run activities for new stations.
- Diagnosed and resolved diverse user-related IT issues as an IT specialist.

GOOGLE DEVELOPERS STUDENTS CLUB (GDSC)
Core Team Member | Aug 2022 – Aug 2023
- Assisted in teaching web development and mobile application development.
- Designed promotional flyers for weekly sessions.

The Ghana Cocoa Board (COCOBOD)
End User Support Technician | May 2022
- I diagnosed and resolved diverse user-related IT issues, providing end-to-end support from initial troubleshooting to final resolution. This role required direct user interaction to understand technical problems and implement effective solutions, ensuring optimal system functionality and user satisfaction.
